That would be helpful. I will get you an ETA for Thursday shortly. Thanks.

Of course...we can set aside some lanes at the end for a bit of privacy. Would you like us to supply a dedicated RSO/Trainer?

Michael,

David Keene (with President Cors) is hosting the Russian Ambassador to the United States, Sergey Kislyak, at NRA this Thursday, August 20<sup>th</sup>. Would it be possible for the Ambassador to shoot some of our guns at the range that day? He will be doing a tour of the museum at 10 AM so it would be after that or after lunch – still working that out.

Thanks,

Nick
